

Specifications

Battery Type: Lithium Iron Phosphate (LFP)
Nominal Voltage: 80V
Capacity: 36Ah
Continuous Discharge: 20A
Peak Discharge: 100A
Weight: Less than 33 kg
Connector: Euro Anderson EBC
Built-in Charger: 110VAC, Constant Voltage (CV)
86.4V, Constant

Features

Quick Charging: Charges from empty to 95% in approximately 2 hours.

Lightweight and Compact: Uses LFP cells, making it significantly lighter compared to traditional lead-acid batteries.

Reliable Operation: Equipped with an internal Battery Management System (BMS) for safety and performance monitoring.

Mounting Convenience: Comes with mounting feet, making it easy to attach to a lightweight trolley for enhanced mobility.

Versatility: Ideal for electric forklifts without a main battery, ena-

Why Choose This Transit Pack?

Compared to bulky, unreliable, and environmentally taxing lead-acid battery modules, this compact Lithium-Ion solution offers unmatched performance, reliability, and operational convenience. Designed with operator safety and efficiency in mind, this transit pack is the ultimate choice for modern electric forklifts.
